LONDON

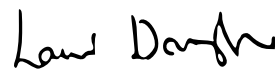

Originally from Finland, I'm graduating from the National Film and Television School (UK) with an MA in Documentary Directing in 2016. I started as a Freelancer in Finland in 2011 and my clients included Nordisk Film TV, Sony Music Entertainment, YLE and Left&Right Ltd.

I'm currently involved in a video projection based on the music by Jean Sibelius with Kroma Productions Ltd. The film will be accompanied by the Tapiola Symphony and conductor Tuomas Hannikainen in January 2015.

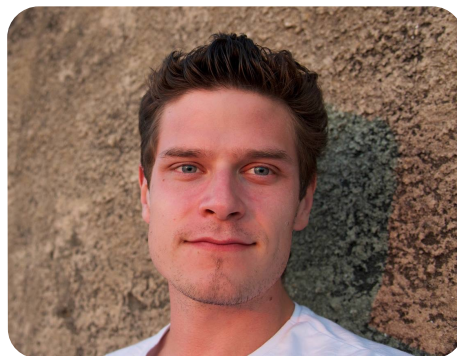

I have passion for aesthetics and good stories. I'm excited to work with inspiring and challenging people and I'm always interested in good conversations and meeting new people.

Please see my CV attached.

Sincerely

Lauri Danska
